INTERNSHIP EXPERIENCE

Roman Music Therapy Service's vision is to create connections and build community for people of all ages and abilities, now and for generations to come. Our mission is serving others through transformative, human centered music making. Our team is connected by our shared values about music, music therapy and human centered care.

In addition to fulfilling the AMTA "National Roster Internship Guidelines" requirements, at RMTS you can expect the following benefits:

- \$250 monthly stipend for 8 months
- Paid Student Membership in AMTA
- \$250 Stipend towards conference expenses
- Sprouting Melodies™ Online Training
- \$10 coffee card each month
- Mileage reimbursement (*65.5 cents per mile between sessions, not including first or last drive of the day*)

The internship training period runs for a period of 8 months from either January through September or July through March, with a two month of overlap of training periods. Each intern's work schedule will be created in collaboration with the supervisors based on a number of factors, including the hours and skills required for completion of internship as identified in the individualized training plan.

The internship will begin with an observation and orientation period of 6-8 weeks. During this time, the intern will spend time participating in sessions conducted by RMTS music therapists, gradually transitioning from observing to assisting, co-leading, and leading with support. In addition, the intern will participate in orientation activities designed to assist in acclimation to the environment, culture, online HIPAA compliant documentation program, and other professional expectations at Roman Music Therapy Services. By the beginning of the 3rd month, the intern assumes responsibility for their caseload, which will include a combination of individual and group sessions, some of which the intern will lead independently and others which will be co-leading formats. Interns spend approximately 20-25 hours per week in sessions, with the remaining time on duty dedicated to documentation, practicing, reading, journaling, and in-service training, and supervision. In addition to processing session work and clinical and professional skills development, in-service and supervision topics may include discussion of assigned readings, structured listening exercises, discussion of philosophical and theoretical considerations of the work of music therapists, and professional advocacy.

ADMINISTRATIVE REQUIREMENTS

- Provide proof of current CPR/First Aid certification or complete CPR/FA training
- CORI background check (conducted by RMTS)

ADDITIONAL INFORMATION

- RMTS is not responsible for housing, meals, or transportation during internship
- RMTS will provide liability insurance coverage for interns during internship

OUR CULTURE CREED

We Believe:

- Making music transforms lives
- Music connects people
- Everyone can make music
- Making music builds bridges and creates community
- Music therapy celebrates abilities and allows us to see beyond limitations
- Music therapy provides a safe space to be who you are
- As music therapists, it's our job and responsibility to make music accessible to people of all ages and abilities
- Inclusive opportunities allow people to be music makers, to belong, to contribute, and to connect with others
- Music making is a form of communication that fosters expression and understanding
- Music can be used as a tool, empowering people in their daily lives
